

# CLANS ARE GATHERING

For the Big Convention Which Will Begin Its Work Tomorrow.

## Secretary Taft Being Touted

By Long as an Available Candidate for Vice-President on the Ticket With Terrible Teddy—Fairbank's Still Coquetting With the Question.

Chicago, June 20.—John D. Long, of Massachusetts and Secretary of the Navy, at noon today, authorized the Associated Press to announce that his candidate for the vice presidency was Wm. H. Taft.

"There can be no question of the strength of Mr. Taft," said Mr. Long. "He has made his record. The country knows him and the ticket. Roosevelt and Taft," could, in my opinion, sweep the country. My reason for favoring Mr. Taft are these:

"First, his eminent qualifications as a presiding officer; dignity, sound judgment and deliberation are characteristic of the man.

"Second, his close and warm friendship for the president. He would certainly make an agreeable running mate for Mr. Roosevelt.

"Third, the fact that he is splendidly qualified for the increased responsibilities, which would devolve upon the vice president in case of an emergency and, lastly, or perhaps I should add, that the fact that there is a strong sentiment throughout the country favoring Taft for the presidency in 1908.

"Objections will be urged to Mr. Taft on the ground that it would remove a strong man from the cabinet and put him in a position less prominent before the country. At the first objection I should say that Mr. Taft would be of immense assistance to the president as vice president, as he is a member of the cabinet, and, to the second objection, my points is that Mr. Taft is so well known that it is impossible to lose sight of him. As vice president he is the kind of a man who would retain and increase rather than lose his prominence. True he has recently assumed the war prod role, but his work is, in a sense, completed so far as the Philippines is concerned, and there is no great emergency which would necessitate his remaining secretary of war.

"My suggestion of Mr. Taft every is being warmly received."

**Fairbanks Quiet.**

Chicago, June 20.—Senator Fairbanks' continued silence regarding the vice presidency has caused some of his strongest supporters in his own delegation to advise him to make an announcement today that he would be glad to have the nomination. A meeting of some of his friends, including Representative Watson and Hemenway and Chairman Goodrich, of the Indiana state committee in Senator Fairbanks' room early with the object of settling on whether he ought not now to say that he is a candidate. The decision will probably be communicated to the Indiana delegation, which meets this forenoon.

"New York has not determined whom it will support for vice president," said Governor O'Dell today. "It is not pledged to Fairbanks or Cannon or Hill. There is plenty of time to think it over and there should be an open field."

**Straggling In.**

Chicago, June 20.—Forenoon trains today brought in the stragglers and the ranks of nearly all the state delegations have been filled. Fog hung over the city at dawn but this was dissipated by the sun which drove back the clouds and left a cheerful day. It is a day which would draw the crowds to the open lobbies and the sidewalks without even the game of politics. But despite all this the picture is not yet recognizable as a true convention scene. In the corridors of the principal hotels where the states have established headquarters is much of the buzz of conversation proceeding from councils behind closed doors; pass groups of national figures and one hears the laugh which follows a story well told. The utter absence of sharp political work is noticeable and forces the realization that "everything is fixed."

One of the absentees is the man who

has "attended every republican convention since Lincoln was nominated," but that is only another illustration of the quietness of convention eve. Some importance is attached to a despatch of discussion of Senator Fairbank's probable reasons for declining to talk about the vice presidency and of the wisdom of his reticence. Were it not for the gossip he has furnished and the little flurry raised by the possibility of tariff revision and reciprocity, creeping into the resolutions in a formal obnoxious to "stand patters" politics would be a dead letter in the republican convention this year. Though most of the states will caucus today, and the convention begins tomorrow, the hotels are not crowded. They are not even well filled.

Among the arrivals were twenty-four delegates from Kings county, New York, including ex-Lieutenant Governor Timothy L. Woodruff.

Two hundred and fifty-one members of the Young Men's Blaine club of Cincinnati, accompanied by a band of 50 pieces, also came in and with them was Senator Foraker.

Senator Deliver, of Iowa, also came in during the forenoon and joined his numerous colleagues of the upper house, which is more largely represented than at any convention in years.

**LOOKS AS IF**

**Fairbanks Is Doomed to Kill Political Future By Accepting Second.**

Chicago, June 20.—As the day advanced it became evident that the effort to "smoke out" Senator Fairbanks would not succeed. The senator remained silent, but through his friends reiterated his position, which is that the office of vice president is not one to be sought yet cannot be declined by any man nominated for it.

"We pledge ourselves to make such changes from time to time in the tariff schedules as changing candidates make necessary." That is the language of the proposed platform, as now agreed upon and it becomes more evident that no further concession will be made to those demanding a revision. It is asserted by the republican leaders that the presidential campaign will cause enough disturbance in the business without adding to it a definite promise of tariff revision by the next session of congress.

**Philippines Settled.**

Chicago, June 20.—The present national committee met today for the last time, finished the few details left for its consideration, and then adjourned for good. No national committee meetings will be held until the new organization is formed at the close of the convention.

The question of seating the six delegates from the Philippines was then taken up, then it was decided to admit them as delegates with a total of two votes. The committee then adjourned sine die.

**Elkins Bobs Up.**

Chicago, June 20.—At a meeting of the West Virginia delegation, Senator Elkins was endorsed for vice president while Fairbanks was declared to be the delegations second choice.

**Cortelyou Is Summoned.**

New York, June 20.—Secretary Cortelyou will arrive in Chicago, Tuesday night or early Wednesday morning. It is reported he was summoned suddenly to meet the republican leaders, it having been his previous intention not to go West until after the national convention had adjourned.

**OUR BROWN BRETHREN**

**GETTING INFORMATION.**

Fall River, Mass., June 20.—The delegation of Filipinos who are making a tour of this country, arrived here today. A committee of citizens, including prominent manufacturers, headed by Mayor Grimes, met the visitors and escorted them through the large cotton mills of the city and to other industrial establishments.

## THE AMERICAN BOAT WAS FIRST TO FINISH.

Hellgoland, June 20.—Dr. J. G. Douglas Kerr's yawl, Valdora, was the winner of the race for the Emperor William cup, over the course from Dover to Hellgoland, which started Saturday morning. The Cutring Nicandra, owned by Jno. Fernandez, was second, Richard H. Lee's yawl, Wendur third, and the Ketch Carlad fourth. The schooner Ingomar, owned by Morton F. Plant of New York, was the first to reach the winning port, arriving here at 2:21 o'clock this morning, upwards of two hours ahead of the Cutring Clara, but the American schooner was scratch boat and to allow competitors handicaps ranging from 5 to 9½ hours.

**JOHN T. SULLIVAN DEAD.**

New York, June 20.—John T. Sullivan, for 15 years, one of the most popular American actors, is dead at his hotel in this city, from rheumatism which finally attacked his heart. Sullivan had, during his career, played the part of leading man to most of the prominent actresses of the country.

## OLD FRIEND OF LINCOLN,

Rev. Elijah Stone, Noted Minister and Abolitionist Has Gone to His Last Reward.

Chicago, June 20.—The Rev. Elijah Stone, father of Melville E. Stone, general manager of the Associated Press, and of Ormond Stone, professor of astronomy at the University of Virginia, is dead at Charlottesville, Va., the home of his son Ormond.

He was born at Hampton, N. Y., in 1821 and educated for the ministry at the Auburn Seminary. Mr. Stone came to Illinois in 1840, and was one of the first circuit riders in the state. He often rode long distances in company with Abraham Lincoln when the latter was making his campaign for the legislature. His anti-slavery sympathies led him to take part in what was known as the underground railroad. During the Mormon troubles, at Nauvoo, he was among those who opposed violence to Joseph Smith, although bitterly opposed to Mormonism. The Rev. Mr. Stone came to Chicago in 1855. He filed various Chicago pulpits until he retired from the active ministry in 1882.

Titusville, Pa., June 20.—Henry W. Potter, a pioneer of the early oil development and in 1864 a partner in the banking and brokerage business with Chauncey M. Depey, of New York is dead at the home of a daughter in this city. His wife and three daughters survive him.

## FEARFUL FATE OF THE SLOCUM

Causes Falling Off in the Crowds That Patronize Excursion at New York.

New York, June 20.—General dread caused by the disaster to the General Slocum, has greatly thinned the crowds which usually fill to the limit excursion steamers plying to nearby resorts. Many steamers with a capacity of 1,500 to 2,000 left their docks yesterday, carrying less than half that number. Employees of the dock department stationed along the wharves for many years declare they never before had seen such a sudden falling off in the crowds.

**BACK TO WASHINGTON.**

Philadelphia, June 20.—President and Mrs. Roosevelt left for Washington this morning.

## MACHINISTS ARE VOTING

On a Question Which, If Decided In the Affirmative, Will Probably Cause a Big Strike.

New York, June 20.—Members of the international association of machinists are casting a referendum vote upon the question of enforcing an article of the constitution which, if decided in the affirmative, will bring about a strike on July 1, which will throw thousands of machinists out of work. The articles, as originally adopted August 1, 1903, provides that no member of the association shall operate more than one machine or except by the piece, premium, merit task or contract system under penalty of expulsion and that in shops where such systems are in operation they must be discontinued by July 1 next.

## SIGNS Of Gross Carelessness Found At the Bottom Of the River Where the Slocum Rests.

Guard Rails Rotten and Life Preservers Too Useless to Even Float.

Father of Three Victims of the Disaster Attended Memorial Services and Then Blew Out His Brains.

New York, June 20.—All along the east river from North Brother Island down to what are known as the Sunken Meadows, search was made today for bodies of unfortunates who lost their lives in the disaster to the excursion steamer General Slocum, last Wednesday. Although more than 630 bodies had been recovered last night, reports from the first few minutes of work today added five more to the total. Those were found at widely separated points and the searchers were of the opinion that before the day ended the list of missing would be considerably decreased. They believe that the big steamer and other craft will go up the water as to cause bodies lying along the bed of the river to rise to the surface.

Wreckers at work on the wreck of the Slocum today found no new difficulties. They were at work about the hull of the sunken steamer when they found that instead of the hull resting in mud as they thought, that it rested on rock which were never known to exist. This, they say, will delay the work somewhat.

New York, June 20.—Several more bodies were recovered during the forenoon, some of them in the vicinity of the wreck of the Slocum.

There are four divers at work near North Brother Island today searching for bodies. One diver reports that at a depth of 95 feet, he has discovered a large hollow in which he says, there are a great many bodies.

More than 200 witnesses had been summoned to appear at the inquest which was scheduled to begin before Coroner Berry today. It is also planned to present an assistant U. S. attorney and a stenographer with instructions from the Department of Justice to take down all testimony. As the notes are transcribed the evidence will be examined by U. S. District Attorney Burnett, who will in turn forward the evidence, together with his opinion thereon, to the department.

"If the evidence warrants it," said General Burnett, today, "I shall not wait until the end of the inquest before moving in the matter. If the evidence is strong enough the federal grand jury will be considering certain phases of the case long before the inquest has closed."

In addition to the interest which the department of justice was taking in the inquest, H. K. Smith, the legal representative of Secretary Cortelyou, of the department of commerce and labor, was under instructions to keep that department thoroughly advised as the inquest progressed. It was expected that striking facts would be adduced at the inquest, for, in addition to the proof that the life preservers were rotten, that the fire hose burst, that the life boat in the davits would not work and that the life rafts were so fastened to the coxks that they could not be moved, Coroner Berry was said to have evidence that many of the ring preservers were as heavy that they sank like lead.

Two bodies were found on the bottom of the river with these ring preservers around them.

Another charge which the coroner was to investigate was one to the effect that a portion of the guard rail to which four bodies were found clinging when it was raised from the bottom of the river yesterday, was rotten and worm eaten. A resident of Jersey City, named Workman, who lost two daughters and a son in the disaster, returned home last night after having visited the scene of the wreck and after attending memorial services during the day, and blew his brains out with a revolver.

**Canonading Heard.**

Tokio, June 20.—There is a possibility that the Russian Vladivostok squadron is again the Korean Channel. A report from Shimomokki states that cannonading was heard there today.

Barnaby, of the Kufcherbocker Steamboat Company, owner of the General Slocum, was the first witness and from him it was learned that the actual operation of the steamer was under Captain Van Schayek, who received his instructions from Captain Pease. On application of the latter, he said, an inspection of the Slocum was made by the United States authorities before she was put in commission this year, saying: "It was reported to us that the Slocum was in good condition."

He had not personally inspected the boat but he said he had examined the reports of the company's inspection and of that by the United States inspection officers.

He presented reports of the expenditures of the Slocum for life preservers in 1902, 1903, and 1904, and explained that the books which were offered for inspection, would show for which vessel they were intended.

The certificate of United States inspector was placed in evidence. It certified that on May 7, 1904, the General Slocum was in good condition to carry 2,500 passengers, and that it had aboard 2,550 life preservers.

## FAST TIME WAS MADE

By the North German Lloyd Line Ocean Steamer Kaiser Wilhelm, Second.

Plymouth, Eng., June 20.—The average speed of the North German Lloyd line steamer Kaiser William II, which arrived here at 1:57 this morning for the 3,112 miles from Sandy Hook Lightship to Eddystone Light House was 23.58 knots per hour, as compared with 23.51 knots of the Deutschland, of the Hamburg-American line. While the Deutschland's total time over the long distance route is still 53 minutes shorter than the time just accomplished by the Kaiser William II she actually did not travel so fast, because she ran only 3,082 miles, thirty less than the Kaiser William II. The best days run of the Kaiser William II was 564 miles.

## BUILDING COLLAPSED; THREE SERIOUSLY HURT.

Kansas City, June 20.—A four-story brick building at Third and Delaware streets, occupied by a Stryer Refining Co., partly collapsed today owing to an explosion of ammonia on the third floor. Fifty girls in the upper stories and several men and boys were thrown into a panic and two girls and a man were seriously hurt. Two men are still buried in the debris. Later one of the men was released unharmed. The other, Burt Bowen is still buried and it is believed that he is dead.

## MOVED ON Inspired by the Protests of Business Men.

The efficiency of the business men's Protective Association was well demonstrated this morning in preventing the turning of the public square into a show ground. The business men had their full satisfaction a year ago, of having the frontage of their rooms blocked by a lot of tents, and when a large tent was stuck up in the lower part of the square this morning, a general protest went up, and as a result, in a short time the showman folded his tent and moved on to greener pastures.

## INANIMATE TARGET MATCH THE LARGEST EVER BOOKED.

Indianapolis, Ind., June 20.—The entry list for the Grand American Handicap inanimate target match is the largest ever booked for a similar event in this country. There are 375 entries and they come from all over the United States. Tomorrow the sweepstakes shooting will take place. The handicap prize will be a silver tea service and the other prizes will amount to \$1,000.

**AUTHORITY ON MASONRY**

**DROPPED DEAD AT HIS HOME.**

Lexington, Ky., June 20.—Judge J. Soule Smith, attorney, jurist and perhaps the best informed Mason in the United States, dropped dead at his home today, of heart disease. He had held nearly every office of honor in the Masonic fraternity and had written largely on that subject. He was a writer for years in newspapers and magazines, under the name of plume of "Falcon" and was of extensive literary attainments.

"CHE FOO, JUNE 20.—AFTER SPENDING FIVE DAYS IN A RUSSIAN PRISON, I WAS RELEASED AND PUT ON BOARD A CHINESE JUNK AND SENT TO THIS PLACE.

"THE STORIES OF STARVATION IN PORT ARTHUR SPREAD BY THE JAPANESE ARE UNTRUE. AS STORES AND SUPPLIES ARE CONSTANTLY ARRIVING AT THE BESIEGED CITY FROM CHINESE PORTS. THE JAPANESE BLOCKADE IS INEFFECTIVE.

"THE GARRISON CONSISTS OF BETWEEN FIFTY AND SIXTY THOUSAND TROOPS AND THE HEALTH OF BOTH SOLDIERS AND CIVILIANS IS GOOD.

Mr. Fuller was rowed across to Port Arthur from the Miautau Island by two Chinamen in an open boat and landing June 13, was seized, blindfolded and thrown into a prison inside

the fortress as was announced at the time by the Associated Press.

# LEITER WILL FILED TODAY.

Late Millionaire's Widow and Son Are  
Named as Executors.

Total Value of the Vast Estate Is Not Mentioned  
in the Will, But Will Reach Up Into  
Millions—Equal Distribution.

Washington, June 20.—The will of Levi Z. Leiter, the Chicago millionaire, who died at Bar Harbor, Maine, last week, was filed today. It is dated June 1, names Mary T. Leiter and Joseph Leiter, his widow and son, as executors and they, together with his daughters, Nancy Lathrop Carver Leiter and Marguerite Hyde Leiter, and Seymour Morris, of Chicago, are designated as trustees. The witnesses are his lawyers, Walter V. R. Berry and Benjamin S. Minor, and H. B. Rowland, all of this city. The will leaves one-third of the estate, outside of specified reservations of coal lands in Illinois, to the widow and the rest is left for equal distribution per stirpes among the children. There is nothing in the will which indicated the total value of Mr. Leiter's estate. After the death of the widow, her portion of the estate goes into the general estate, which is distributed equally among the children per stirpes, except the 7,500 acres of coal land in Illinois which is vested in fee simple in Joseph Leiter, the son as soon as he pays off the amount advanced thereon by the testator. Specific permission is made to guarantee Joseph Leiter an annual income of at least \$19,000 under any circumstances and to insure him an annual income of \$40,000 in any event after the fulfillment of the trust created for the estate under the terms of the will. Chauncey Keop, of Chicago, is designated as the first person to be offered the first vacancy among the trustees, whose number is fixed at three. Seymour Morris is trustee, and is given \$5,000 a year for such service. The will specifically revokes all previous wills.

Mention is made of the marriage settlement of \$700,000 previously made on one of the daughters, Lady Curzon, in addition to which the will bequeaths \$1,000,000 more as a trust fund for her, the total of \$1,700,000 to be charged against her as advancement in the distribution of the estate.

The trustees named for this independent fund are Joseph Leiter, Robert T. Lincoln of Chicago; Frank Nathaniel Curzon of St. Erme, Manxton, London, and St. John Fremantle Brodrick, number 34 Portland Place, London.

Except as to the coal lands mentioned, all the rest of the estate, wherever situated, is bequeathed to the widow, Mary T. Leiter, the son, Joseph Leiter and the daughters Nancy Lathrop Carver Leiter and Marguerite Hyde Leiter and Seymour Morris as trustee to hold the property and to pay to the widow on her individual receipt one-third of the net annual income of the trustee estate as she may require.

Upon her death and during the continuance of the trust, her allowance, part of the income is to become part of the general income of the trust and subject to the distribution among the children. The trustees are authorized to pay off encumbrances, or make property improvements out of the net income.

The will cited that during his life time, Mr. Leiter gave the following amounts "in advance": To Lady Curzon, \$1,700,000 (including the \$1,000,000 trust created by the will) to be charged against her in the general estate, to each of the daughters, Marguerite and Nancy, 1,000 shares of capital stock of the Chicago Railway Co., to be valued at \$155 a share, and 1,000 shares of the capital stock of the Edison Co., of Chicago, to be valued at \$145,000, making a total charge against each of \$300,000 to be treated as advancements in the division of the income and principal of the trust. To Joseph Leiter, the son, advancements partly evidenced by notes signed by him but cancelled and not to be taken into account and partly evidenced by entries in books, amounting to \$2,000,000; the latter to be charged as an advancement. Each of the children is to be charged a per cent interest on advancements beginning with the

trusteeship and the total interest is to be added to the two-thirds of the net annual income from the trust estate and as to the whole of the net annual income after the death of the widow and the amount thereof is to be divided equally among the four children or their descendants per stirpes.

## THE MILES.

J. C. Shuler, editor of the Forest Review, enraged at Lawrence Dickman, because of the latter's persistent attention to Shuler's sixteen-year-old daughter, fired several shots at him at close range on the streets of Forest Saturday, but fortunately his aim was bad, and none of the bullets took effect. The editor was arrested and bound over in the sum of \$500.

## LORENZ OPERATION.

Mrs. Dr. Peirce returned Sunday morning from Des Moines, Ia., where she had accompanied Mr. and Mrs. Mont. Euler, of east Circular street, for the purpose of having their little daughter's hip operated upon. The hip had been dislocated from birth and the operation was similar to the Lorenz method. It was performed by Dr. H. W. Forbes, of the Still College of Osteopathy, of which school Dr. Peirce is a graduate. The operation was a complete success, the little girl coming through it nicely.

It is a trying operation, the child being put under the influence of an anesthetic, when the manipulations begin to stretch out the muscles immediately surrounding the hip joint, so that it can be replaced, and will stay in place. Owing to the severe weakening of the tissues from this stretching process, it is necessary to put on a plaster-of-paris cast to assure the hip remaining in place until the socket grows sufficiently to hold the head of the femur as it should. The cast will remain on from 5 to 6 months, when it will be removed and manipulations begun to relieve the limb of the resulting stiffness.

south Main street, near Elm, and as  
a result, the express wagon was put

I had a severe attack of inflammatory Rheuma-

tism. I was up in bed for six months, and the

doctors I had did me no good. They changed me-

dicine every week, and nothing they prescribed

seemed to help me. Finally I left of their medi-

cine and began the use of S. S. S. My knee and

elbow joints were so swollen and painful that I

could not close them when opened. I was getting

discharged when I began S. S. S. but as I saw

it was doing me good, I continued, and to-day am sound

well again.

A BAD LAW.

Marietta Register—Numerous city

councils over the state are taking ad-

vantage of a law recently enacted,

permitting the abolishment of the

board of health, and placing its duties

in the hands of a board of public

service. So far the law has operated

purely in the interest of machine polit-

ics, and might better have been con-

signed to oblivion by the late lamented

legislature.

#### WEATHER.

Washington, June 20.—For Ohio:  
Showers and thunder storms tonight  
and probably Tuesday, cooler tonight  
in northern portion.

Twenty years ago in the city of  
Chicago, Blaine was nominated, and  
he was defeated. The reasons for the  
defeat of Roosevelt, who will be the  
choice of this week's convention, are  
as potent as those which turned the  
plumed knight's picture to the wall in  
the campaign of '84.

The first return under the new law  
passed by the late republican legisla-  
ture taxing widows and orphans, has  
been made. A Toledo man died and  
left a fairly good estate from which  
\$10,000 was taken to help register up  
the wrecked finances of Ohio under  
the Nash-Horrick regime. The widow  
and children of the deceased got the  
remainder of the estate.

#### RADIUM IS COMING DOWN.

The popular fear that radium, the  
new and mysterious element, would  
be kept beyond the reach of the plain  
people is about to be dispelled. Ra-  
dium has been quoted at \$16,000,000 a  
pound. Only plumbers, hotel clerks  
and chorus girls could afford to carry  
it in their clothes.

But radium must come down. A  
condition which shuts out the plain  
people from the enjoyment of this lux-  
ury cannot be long tolerated. Dr. Geo.  
F. Lee, a Philadelphia chemist, an-  
nounces that he has discovered a meth-  
od of producing radium which will re-  
duce the cost of the element from its  
present price of \$16,000,000 a pound to  
\$500,000 a pound. If Chemist Lee  
makes good his promises and can  
bring radium within reach of the ordi-  
nary purse he will confer a great boon  
upon mankind.

The next thing, of course, is to  
guard against the formation of a trust  
for cornering the supply and keeping  
up the prices. Just as the price of the  
element is about to be pulled down, it  
will not be surprising if a radium  
combine is incorporated in New Jersey

## Rheumatism

Does not let go of you  
when you apply lotions or  
ointments. It simply loosens  
its hold for a while. Why?  
Because to get rid of it you  
must correct the acid con-  
dition of the blood on which  
it depends. Hood's Sarsa-  
parilla has cured thousands.

and we will find ourselves in the  
throes of a radium famine just as a  
cold winter is staring us in the face.  
If the trust promoters will keep  
their hands off and give science a  
chance we may soon be able to go to  
bed with radium candles and thus  
give the greedy and soulless gas and  
electric light companies the look of  
chilly hauteur, commonly known in  
street parlance as the "icy stare."  
Chicago Record-Herald.

#### RELATIVE TO RURAL MAIL CARRIERS.

After July 1st, the following order  
from the postoffice department will  
go into effect:

"Under the law rural carriers are  
not permitted to solicit business, or re-  
ceive orders of any kind from any per-  
son, firm or corporation, and cannot,  
during the hours of their employment,  
carry and merchandise for hire, except  
that they may carry merchandise for  
hire and at the request of patrons re-  
siding on their routes; provided the  
same shall not interfere with the prop-  
er discharge of their official duties,  
and under such regulations as the  
postmaster general may prescribe.  
Under this provision of law, no mail-  
able matter may be handled by rural  
carriers while serving their routes un-  
less the proper postage has been pre-  
paid, with the single exception of coun-  
ty newspapers, which under the law  
are permitted to be carried free  
throughout the county in which they  
are published, to actual subscribers,  
and such newspapers addressed to  
subscribers, residents on rural routes,  
must be deposited at the postoffice  
the same as papers for old subscrib-  
ers.

"The hire for merchandise carried  
on request of the patron of the rural  
free delivery must be paid by the pa-  
tron. Carriers will not be permitted  
to receive any compensation from the  
seller of such merchandise. Articles  
or packages which are mailable which  
are handed to the carrier or deposited  
in the postoffice, or in a rural letter  
box or in a collection box located on a  
rural route, with request that the ru-  
ral carrier deliver same, are subject  
to the rules regulating mail matter in-  
cluding the payment of postage there-  
on.

"Articles or packages that are not  
mailable which the patron desires the  
rural carrier to carry, must be deliv-  
ered to the carrier in person and in  
carrying merchandise to hire, rural  
carriers are not permitted to leave  
their routes as officially laid out, or to  
accept anything that will in any way  
delay the delivery of the mail, or in  
any way interfere with the efficiency  
of the service."

Three tents will be devoted to for-  
tune telling. Two celebrated palmis-  
tists and one card reader. Find out

## SALE

Of Control of the  
C. H. & D.

Is Announced

By the Vice President  
Eugene Zimmerman,

But Names of Purchasers  
Are Not Yet Given to  
the Public.

Fireman Rydman, of the C. H. &  
D., injured Yesterday. Prepa-  
rations for Big Cedar  
Point Excursion.

Eugene Zimmerman, vice president  
of the C. H. & D. railroad company,  
returned to Cincinnati from New York  
yesterday and when interviewed by  
an Enquirer reporter concerning the  
reported sale of the controlling in-  
terests of the road, stated that such  
a sale had been made and that the  
purchasers were a number of New  
York and Boston capitalists. He re-  
fused to disclose the names of the pur-  
chasers but declared very positively  
that no railroad in the United States  
was behind the deal. Mr. Zimmer-  
man and Mr. Shoemaker are still  
largely interested in the road, accord-  
ing to the former's statements, and  
while the election of a new board of  
directors will soon occur both of these  
gentlemen will be members of the  
board.

#### BIG CROWD

Expected by the Railroad Boys on  
Their Excursion, Thursday.

The members of Lima lodge No. 209,  
B. of E. T. and of Calvin S. Reice  
lodge No. 585, B. of L. F., are making  
extensive preparations for their ex-  
cursion which will be run to Sandusky  
and Cedar Point on Thursday of this  
week. The committee on arrange-  
ments—Al. Simons and Wm. Burke,  
of the B. of L. F., and Clarence  
Sweeney and J. H. Cook, of the B. of  
E. T.—has worked diligently and all  
preparations are complete for the com-  
fort and enjoyment of the big crowd  
that is assured for the day's outing.  
One hundred dollars will be spent for  
decorations and souvenir badges and  
the committee has requested the pas-  
senger department of the L. E. & W.  
to make up the special train with as  
many chair cars as may be available  
on the day of the excursion.

Run Down By C. H. & D.  
Ralph Becker, aged 12, son of Mr.  
and Mrs. W. H. Becker, of McComb,  
was run down and fatally injured at  
the intersection of the C. H. & D. Ry.  
and Cooper street, in McComb, Satur-  
day morning by the north bound train  
due at 6:15. The front-end point of  
the engine's pilot struck the little fel-  
low squarely in the back of the head,  
fracturing the skull and rendering  
him unconscious. He was still in this  
condition late in the afternoon. Dr. N.  
L. McLachlan, the C. H. & D.'s sur-  
geon, was hurriedly summoned to the  
scene and did everything known to the  
medical and surgical science for the  
boy, but to no avail. He has one  
chance in a thousand for recovery.

#### New Telephone Move.

The retrenchment movement on the  
Pennsylvania has reached the tele-  
phone department and beginning to-  
morrow the exchange office will be  
operated by one instead of two women.  
Miss Minetta Becker will retire and  
Miss Stella Larnan will have exclusive  
charge of the exchange. The exchange  
which has been in operation until 11  
o'clock at night, will hereafter be  
closed at 8:50 o'clock in the evening.  
—Ft. Wayne Sentinel.

#### Followed the Ax.

The Pennsylvania pay car arrived  
in the city Saturday afternoon and  
will remain here until Tuesday morn-  
ing, paying the shopmen on Monday.  
The amount disbursed will be the  
smallest for May service in the past  
ten years, owing to the retrenchments  
inaugurated that month.

#### LUMP OF COAL

Fell Upon and Severely Injured Fire-  
man Rydman's Foot.

Fireman Val Rydman, of the C. H.  
& D., who has been on duty on one  
of the day switch engines for some time,  
had the misfortune to have one of his  
feet badly injured yesterday morning  
about 9:20 o'clock by a heavy lump of  
coal which fell from an engine tank  
and struck him. He was removed to  
the home of his father, Henry Ryd-  
man, 605 north West street, in Ben-  
nett's ambulance.

Mr. Rydman had his back perma-

nently injured a year or more ago  
when he jumped from a passenger en-  
gine just before it struck in a collision  
in the Toledo yards, and has not since  
been able to do service on the road en-  
gines.

Dispatcher's Vacation.  
Dispatcher Mat. Smith, of the C. H.  
& D., is the first of the boys to take  
his annual vacation, and he will leave  
on his extended absence of about 20  
days, as he has mapped out an enjoy-  
able trip. He will spend some time  
viewing the sights at St. Louis, and  
will go from there to New Orleans for  
a visit. Before returning to his key  
he will go to Toledo and from there to  
Edgewater where he will establish an  
incubator for first class fish stories.

During Dispatcher Smith's absence,  
operator Sullivan will take his trick,  
and J. R. McNeff will come down from  
Deshler to fill Sullivan's place.

Brotherhood Outing.  
The Brotherhood of Railway Fire-  
men and Trainmen are working up  
their big excursion to Cedar Point for  
next Thursday and only need nice  
weather to insure a big crowd and a  
good time. Arrangements have been  
made for two special trains on the L.  
E. & W. to accommodate the railroad  
boys, their families and friends.

Along All Lines.  
The C. H. & D. will run its first ex-  
cursion to Fort Wayne, next Sunday  
via Ottawa.

The Lake Erie & Western passenger  
department has forwarded a big con-  
signment of bills to advertise excu-  
sion business. Last season 90,000 bills  
were distributed in Lima for that one  
line.

The excursion to Cincinnati yester-  
day was like old times. In spite of  
the rain, 117 tickets were sold from  
Lima, and many went to see the Cin-  
cinnati-Chicago ball game in which the  
Reds were victorious.

The Cedar Point excursion was light  
yesterday owing to the weather, only  
fifty braving the rain, and hoping for  
better conditions at the popular resort.

## DOWNPOUR

Of Rain Did Not Dampen the Loyalty of Knights.

Graves of Honored Dead Were Decorated and Memorial Exercises Were Held.

The summer downpour of rain yesterday did not dampen the loyalty of the members of Lima lodge, Knights of Pythias. At 10 o'clock in the afternoon sixty members of the lodge met at Woodlawn cemetery and placed flowers upon the graves of the departed members of their order. After this preliminary duty had been faithfully performed the members returned to the lodge rooms and there the usual program of memorial services was given as published by the Times Democrat, Saturday, the address and eulogy by Hon. Walter B. Riecke being a beautiful and eloquent tribute to those who are members of the order attended the services.

## TEN YEARS IN BED.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P., of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could not get no relief until Foley's Kidney Cure was recommended to me. It has been a God send to me." H. F. Vorkamp and W. M. Melville.

## FAULTY EXECUTIONS

BEING INVESTIGATED.

Columbus, O., June 20.—The board of penitentiary managers is in session today, at the penitentiary ostensibly to investigate the cause of the faulty executions of Schiller and Johnson last week. All of the members absolutely decline to talk. A rumor is current that Warden Hershey will resign but the warden hoots the idea.

## SUDDEN

Was the Death of the Venerable William Baker.

Died From Heart Trouble at the Home of His Son, Hays Baker, on West Wayne Street.

William Baker, a venerable citizen and retired farmer of the county, died very suddenly at the home of his son Hays Baker, of the firm Baker & Gunderson, 1802 west Wayne street, at 7 o'clock this morning, death resulting from a sudden attack of heart trouble.

The deceased was aged 68 years and is survived by a family of nine children. The remains will be taken to West Cairo for burial but all arrangements for the funeral have not yet been completed.

## MIAMI AND ERIE CANAL

OPEN FOR NAVIGATION.

Columbus, June 20.—The state board of public works today announced the opening of navigation on the Miami and Erie canal from St. Marys to the lakes, the washouts between St. Marys and Defiance having been repaired. These washouts occurred in January and February and the delay in repairs was due to the fact that the expense had to be met out of the canal earnings there being no other funds immediately available.

## OPERATION

Performed a Week Ago Is Followed by Death.

Mrs. Elizabeth, wife of Morgan McPherson, of 125 south Scott street, died at 12:15 o'clock this morning, death following an operation that was performed at the city hospital a week ago. The deceased was aged 36 years and is survived by her husband, three daughters and three sons.

Funeral will be held from the east Elm street church at 2 o'clock tomorrow afternoon.

## DELIVER THEM EARLY.

## STRENGTHENED

By Outside Talent the Lawyers Won.

Court House Ball Team Suffered Another Defeat.

But Give as an Excuse That the Blackstonians Rung in Several Experts to Help Them to Victory.

The court house team challenged the lawyers for a game of ball which, after several delays, was pulled off at the Grand avenue grounds Saturday afternoon. The custodians of the records were defeated, but they made a righteous kick because of being compelled to go up against a minority of student of legal lore and a majority of experts chosen from other walks of life.

Luke O'Brien caught for the lawyers and other places were filled by material drawn from the Buckeye. Lima College and the machine shops. But even with such strong timber to sustain the balance of the wreck, the court house bunch would have stood a chance but for the slaughter of Neglespach in the first inning. Home runs and two and three baggers fattened the batting averages of the students of Blackstone, and they had a lead of six runs when Neglespach went to the woods, and was succeeded by Joe Miller. Joe had an assortment of teasers up his sleeve and kept the rest of the game on even terms. The score resulted 15 to 8 in favor of the lawyers, etc.

Batteries—Lawyers, Del Armstrong and O'Brien; Court House—Neglespach, Miller and Fess.

## CLEANLY WOMAN

Especially Those Who Have Headaches.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day and yet have dandruff her life long accompanied by falling hair, etc. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newb's Dandruff Germicide by killing the dandruff germ, leaves the hair free to grow as healthy nature intended. Destroy the cause, you remove the effect. With the dandruff germ with Herold's Dandruff Germicide, you remove the effect. Send 10c in stamps for sample to The Herold's Co., Detroit,

And Lima Team's Record Is Unbroken.

Aitschul and Frank Sealts Won the Game From Ada Saturday.

Scoring Two Runs After Two Men Were Out. Rain Prevented Game With Decatur Yesterday.

Deblin, the alleged twirler who came highly recommended from Ada, Saturday, to pitch the game for Lima against his home team, came painfully near being the cause of having the record of Lima's straight series of seven victories broken at Wheeler park, Saturday afternoon. Ada has a fast team of big husky ball players, who in two of the nine innings, batted out clean hits of the one, two and three-base order in a manner that made the Lima rooters heart sick. A howl for Wise was set up by the fans after the game appeared to be a lost one, but the management did not call Wise into service until the first half of the ninth inning, when the score stood 7 to 6 in favor of Ada. Wise delivered the ball just seven times in that half of the inning and the side was retired. Then in the second half Lima went to bat to win, but two men were out in a jiffy and Welsh who had not hit the ball throughout the game, was the next man up. He used good judgment, however, and secured a free pass to first. He stole second and then tied the score on a hot grounder that Frank Sealts sent to safe territory in left field. Aitschul came up next and brought Sealts home with a clean two-bagger, the game was over and the crowd was yelling with delight over the Garrison flinch.

The Findlay team is booked here for next Saturday and Sunday and the Paulding team for the games of July 2 and 3.

## ACKERMAN

And Bobby Reakes On the Same Program.

Al Ackerman, once more demonstrated his right to be classed as one of the leading lightweight wrestlers of the country at the Empire, Friday evening, when he threw O. E. Later, of Chicago, in two straight falls, catch-as-catch-can style of wrestling, says the Toledo Times. Ackerman simply toyed with his opponent, and after trying him out went to work in earnest, and got a fall with a double hammerlock in 34 minutes. He did not waste any time in the second bout, and after nine minutes the Chicago lad was borne to the floor with a hammerlock and croch.

It was pretty wrestling while it lasted, but later was not a match for the Forstia boy. Bob Reakes and Chas. Jackson, of Michigan, wrestled in the semi-finals, and Bob won easily in seven minutes. Two pupils of Al Ackerman, Byron Bakston and Warren Keefe, both of Forstia, wrestled 15 minutes without either getting a fall.

## LARGE CROWD

Attended the Meeting Yesterday Afternoon

In Spite of the Constant Downpour of Rain.

A Corps of Officers Selected for the Following Year for the Lima Sunday School Association.

It was an enthusiastic crowd of Sunday school workers of Lima, who despite the down-pouring rain, gathered at the Congregational church yesterday afternoon to tell their impressions of the great convention which had lately been in our midst and to plan to utilize in the work in the several schools of Lima the many good things and plans put forward by the noted specialists on the convention program. It was agreed by all that we should have in all the churches, classes in teacher training and teachers' meeting. It was left to the Lima Sunday School Association to take up and plan for its accomplishment. The need also of more spirituality in our teachers was brought out and the fact that a teacher should really know all the pupils of her class, visit them in their homes, know their homes and their surroundings. One thing which seemed to have impressed itself on the minds of all the teachers was the talk of Rev. Ernest Bourner Allen in his "Keynote" address on "Making Jesus King." It was the sense of the gathering that we should have more teachers who would put the King's business first and make their own pleasure and business secondary.

The meeting being largely a representative city gathering, Mrs. W. M. Price, city president, moved that the meeting proceed to the election of officers for the Lima Sunday School Association for the ensuing year. This was carried and the election was held resulting as follows:

President, O. T. Lippincott; vice-presidents, G. A. Herritt, William E. Davis; secretary, W. N. King; treasurer, Miss Elsie Powers.

The selection of the other officers, normal department, primary and home department secretaries, was left to a future meeting. A committee was appointed to amend the constitution in various respects.

The meeting showed that the convention has left a very deep impression in the schools of Lima, that as one speaker said yesterday, will last this year, and next year and the years to come.

## GREATLY

Pleased With Their Lima Reception.

The lavish hospitality that Mrs. G. M. McCullough, of Lima, extended to more than one hundred and thirty of her friends, including guests from Lima, Wapakoneta and Sidney, at the McCullough lake auditorium will long be remembered by those who were present. The affair was in the nature of a dedication of the new auditorium at the McCulloughs lake and its spaciousness and beauty was much admired. Progressive six handed euchre and flinch were enjoyed and at five o'clock, an elegant supper was served by Mrs. Jennie Bland. An orchestra seated on the stage, rendered sweet music during the serving of the supper and until the departure of the guests.—Sidney News.

## KILLED BY HER LOVER.

Ida Howard, a Lima Woman, Shot to Death in New York, Today.

## Mother Receives the News

At Her Home on West McKibben Street and Will Start for New York Tonight. The Victim Was Murdered on Street by Her Common Law Husband.

New York, June 20.—Ida Howard, alias "Goldie" Moran, a negress, who was known as the "colored badger queen of the tenderloin," was shot and killed today by her commonlaw husband, Charles J. Arthur, 25 years old, a white man. The shooting was the culmination of a quarrel in which the couple had been engaged for more than a week, and occurred after Arthur had been apparently deserted by the woman. Arthur was arrested as he was about to fire a fifth shot into the woman's body as she lay in the street where she had fallen and on the way to the police station he was attacked by negroes who sought vengeance for the death of a member of their race. Mrs. Howard was 23 years old, and was exceptionally pretty.

The victim of the murder described in the above dispatch was a former Lima woman, whose mother, Mrs. Ella Howard, and brother, Otto Howard, now reside at 129 west McKibben

street. The dead woman had been in New York city most of the time during the past sixteen years and was last in this city about two years ago, visiting her mother. She is well remembered in police and certain other circles of this city, and was always noted as a remarkable beauty of the octoroon type. With her, in New York, were her younger sister, Julia Howard, also well known here, and her brother Charles Howard, who was a newsboy and bootblack on the streets of this city for a number of years.

Mrs. Howard, the mother, when seen by a Times-Democrat reporter today, stated that she had received a telegram from her daughter Julia, announcing that Ida had been shot and killed, but the message contained none of the details that are given in the Times-Democrat's Associated Press dispatch. Mrs. Howard will start for New York tonight. She states that her daughter was quite wealthy and that she lived in luxury in a certain district of the city.

## THIRTY-ONE

Boys and Twenty-three Girls Were Participants

In First Communion Services Held at St. Rose Church Early Yesterday Morning.

There were 31 boys and 23 girls in the first communion class at the seven o'clock mass at St. Rose yesterday. The services were very solemn and beautiful. The children who composed the class added much to the impressiveness of the services by singing in perfect harmony, "Jesus Come to Me." Rev. A. J. Manning, who was the celebrant of the mass, delivered an eloquent and appropriate address to the children. At the conclusion of the services, breakfast was served to the first communicants in the basement hall of the school. At vespers and benediction at 3 p. m., the children made a renewal of their baptismal vows and all took the pledge to abstain from intoxicants which is binding upon them until they have attained their majority.

## Smith &amp; Nixon Pianos.

What a Smith & Nixon Piano is—The Smith & Nixon Grand in an Upright Case is the Only Piano of its Kind in the World. It has no equal. It has no competitor.

There can be none other like it, because its distinguishing features are protected by patents.

It is the only upright piano from which you can get the musical quality of a Grand.

The entire secret is in its interior construction. Outwardly it appears the same as any high-class Upright. But in its interior it is different. It is constructed upon the same system as the three cornered Parlor Grand. Touch a key, and rich, full, resonant sound will at once proclaim its wonderful qualities.

The result is just what you would expect from a Grand.

It has no sacrificed harmony for space after the fashion of the Upright.

The most difficult phrasing and expression are easily produced upon it. The cause of this perfection of tone and resonance is that the sounding-board, exactly like the scale, leaving no margin for deadening influence or flatness.

Its vertical position as contrasted with the horizontal of the Grand, has been acknowledged by experts to be conducive to purer qualities of tone and resonance.

If you wish to purchase an instrument which combines all the perfections of a thoroughly satisfactory piano, you need the Smith & Nixon. These celebrated pianos are sold only by B. S. Porter & Son, in Northwestern Ohio. Call and examine these beautiful pianos at our warehouse, 141 south Main street.
